### SKILLS

- ❖ **Front-End: Next.js, React.js, and Tailwind.**
- ❖ **Back-End: Node.js, Express.js.**
- ❖ **Database: MongoDB**
- ❖ **Other Programming Languages & Tools: Python, C++, Basic (basic), Git, GitHub, and Figma.**

### EDUCATION

- ❖ Computer Science | Institute of Management Sciences *Agg: 82/2025*
- ❖ Certification Of Web-Development | Bano Qabil Pakistan *Rank:3/2024*
- ❖ XII (ICS) | Muslim College Peshawar *83% /2024*

### ACADEMIC PROJECTS

- ❖ **TaskCloud:**
  - Developed with **Next.js, Express.js, MongoDB, and Cloudinary**, supporting secure authentication and file uploads.
  - Applied backend concepts: **JWT auth, file handling, CORS, API integration, cloud storage.**
  - Built **TaskCloud**, a project-submission platform for students to upload final-year projects (code, links, images, videos, descriptions), similar to Google Classroom.
- ❖ **UI Engineering & API-Integrated Frontend Applications**
  - Developed responsive, production-ready UIs using **Next.js, React, Tailwind**, converting Figma designs into clean interfaces.
  - Built clone apps like **Netflix, YouTube (official APIs), and crypto dashboards**, showcasing strong UI and API integration skills.
  - Created UIs for **e-commerce sites, landing pages, and LMS platforms** with reusable components and clean architecture.
  - Experienced in **REST API integration**, state management, and frontend logic to deliver fully functional applications.

### POSITION OF RESPONSIBILITY

- ❖ **Event Organizing Team Member | Al Khidmat Foundation** *2024*  
Collaborated as a core team member in the organization and execution of multiple major foundation events, including the Convocation Ceremony, contributing to smooth logistical flow and attendee satisfaction.
